ARTWORK SETUP & CHECKLIST

DOCUMENT SIZE

All units of measurements are in millimeters (Artwork to be supplied at 50% of actual size).

CROP, BLEED & FINISH

Artwork must be set up with 25mm bleed and no crop marks. 12mm Eyelets are required 25mm in from the edge and ideally placed 500mm apart.

COLOURS & IMAGES

Hi-res PDF: (for upload only)
300dpi CMYK colour profile. All fonts converted to outlines.
Adobe INDD, AI or EPS: (if supplied by email)
300dpi CMYK files. Please ensure files are packaged with all image links and fonts. Fonts used should be converted to outlines.

Please upload or send your artwork by 2pm for same day processing.
